

Order your CD/flash drive early to take advantage of the Early Bird Special. The pre-ordered CDs are not for everyone and I would like to take a moment to explain. This collection is for your memories of your entire "National" experience. You will receive all of the images that are taken of your dog's runs. It is our hope to supply images of all dogs in all runs. But remember that if you get Snookered early there may not be any photos from that class. Remember that all of the images will be posted on our website and will be available for individual purchase. Those orders can be placed at the trial or later. Individual image prices will not be affected. You may order single images as digital files or as prints or enlargements. You may also choose to order one of my designs which can include several images. Samples of the designs can be found on our website, as well as a separate order form for ordering a montage. This year we will be the only photographers.

Order early and save. This will be our 5th Nationals and early orders help us to plan and be more efficient dealing with the large number of images that we will take. All images will be cropped with some editing. They will be high resolution images. You will then be able to do whatever you choose with the images.

Shipping is \$5.00 per order.
